TECHNICAL SPECIFICATIONS

Floor

Smooth or ribbed floor in thickness 6.8 or 10mm. With guidance on tubular framework and Teflon shoes.

Compact vehicle

Dimensions designed for ease of access to remote farms. 10m overall length.

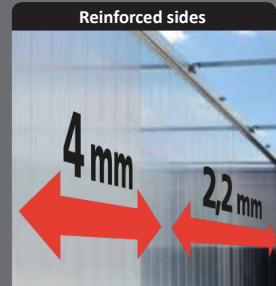

Side tarpaulin

Manual or electric (EASY TARP) side tarpaulin with access at the front.

Integral chassis

Integral structure of 100% aluminium providing increased rigidity.

Reinforced sides

Innovation BENALU

ALU double-walled section with internal reinforcement by continuous weld: modular internal thickness.

OPTIONS & VARIANTS

Double-leaf rear door

Half built-in double-leaf door (2 bolts). Continuous welds and continuous side bumper on box for docking.

Internal divider

Reinforced mobile internal divider (th.6mm) with reinforcement cover.

Protective tarpaulin

Rear protection cover (with manual or pneumatic winder) to transport fragile, abrasive or very fine packages.

Hopper

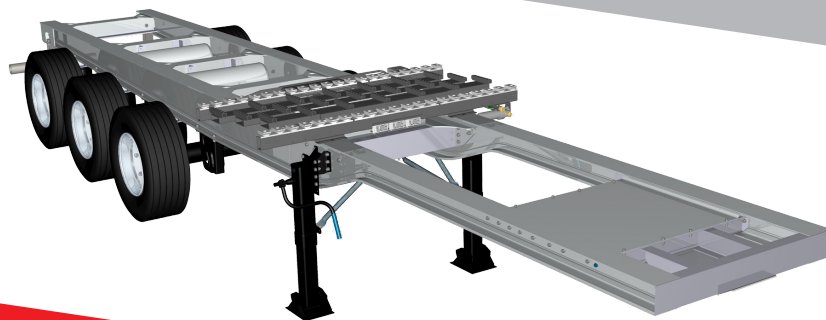

Fixed or removable hopper built-in under the rear door.

Exclusive BENALU

Cleaning system

On-board low- or high-pressure washing (150 bar).
